E7: EMOTION EXPOSURE

1. STEP ONE: CHRONIC EMOTION	I get defensive at work when something that I worked on isn't properly working.
2. STEP TWO: OBSERVE THE EMOTION	Sat with the emotions.
3. STEP THREE: EMOTION EXPOSURE	I feel like I should be getting things right faster, that it's part of me that always messes things up.
4. STEP FOUR: EMOTION WITHOUT ACTION	I am doing better with it. Whenever I feel it, I take some time to let it settle down, then revisit the situation and do my best to resolve it.
